Scott,

The Remedial Investigation Report (RI) & both risk assessments (human health & eco) are on the EPA website for San Jacinto:

http://www.epa.gov/region6/6sf/texas/san_jacinto/ri_fs.html

The Remedial Alternatives Memo was done some time ago – did you mean that or the Feasibility Study (we just got the draft Feasibility Study for review, so it's not final yet) – sorry for all these different names. Anyway, the Remedial Alternatives Memo was an initial cut at the remediation approach, but was done before the RI was finished. If you would like to see it let me know & I'll get it to you (it's too big to email). The Feasibility Study is expected to be final as per the schedule on the website (the schedule is a link on the top of the same page with the RI & risk assessment reports).

Regards,

Gary Miller

Subject: SJRWP Final Remedial Alternatives Memorandum and RI?

Hi Gary-

Hope you are well. Any word on the SJRWP final Remedial Alternatives Memorandum or RI?

I wanted to update my webpage with the expected date of delivery to HARC so they can review and summarize.

Thanks-
Scott
